	Bvp Mozzila Student campus club,New Delhi.	
	Core Team Member	Jun. 2017-present
	Microsoft User Group,New Delhi.	

HOBBIES

I seek pleasure in creating anything that can help others. The idea of sharing stories through just pictures amuses me, hence my love for photography. I relish solitude as much as I like talking to people and most of my conversations generally begin with or include music apart from talks about science, upcoming trends in technology or interesting things that I come across on the Internet.

I hereby declare that above-mentioned information is correct to the best of my knowledge and belief.
